

Dear SA Society of Physiotherapy Member,

Thank you for your interest in taking out medical malpractice, professional indemnity (MPI), public (PL) and product liability (PR) cover with CFP Brokers for 2021. CFP Brokers is an authorised financial services provider.

Our Medical Malpractice Online System (MMOnline) will be operational from 2 November 2020. We will send you an invitation to renew your cover for the 2021 period of insurance, which will contain a link to our MMSOnline system, in due course. We confirm that we have negotiated special rates and exclusive policy benefits for SASP® members.

Kindly note the following:

1. It is a condition of cover that you are a member of the SA Society of Physiotherapy (SASP®) to enjoy cover under the SASP® Medical Malpractice Scheme Policy. When you apply for cover online, we will be providing your details to SASP® so that they can confirm your membership status and category.
2. We cannot assist you with individual medical malpractice insurance cover if you choose not to be a member of SASP®.
3. If you would like to take out MPI, PL and PR cover for the **remainder of 2020**, please contact Lauren at lauren@cfpbrokers.co.za. **Lauren cannot assist you to renew your cover for 2021, this needs to be done online. We will communicate with you shortly, to let you know how you can do this.**
4. You have the option to include PL and PR cover on your policy, unless you are a student or SASP affiliate. If you are a student, then you do not have the option to include public and products' liability- but you should not require these covers. If you are a SASP® affiliate, then we are only able to offer you cover which includes public and products' liability cover (i.e., if you are a qualified affiliate, we cannot offer you only medical malpractice/professional indemnity cover).
5. **You will only be able to renew your MPI/PL/PR for 2021 from 2 November, via MMSOnline.**
6. You are welcome to contact us on insurance-sasp@cfpbrokers.co.za should you have any questions relating to the cover, or on claims@cfpbrokers.co.za if you need to report an actual or potential claim or complaint against you. You are also welcome to phone us for assistance.
7. If you are a 'complete' / 'paid up' member of the SASP® as at 31 December 2020, **you will benefit from the extended grace period which allows you up until 31 March 2021 to renew your MPI cover for 2021. Subject to you renewing your cover online before 1 April 2021, your MPI cover would be backdated to 1 January 2021, ensuring that you retain your retroactive cover.**
8. Please note that if you elect to move your MPI cover to an alternative provider, you would need to ensure that your cover is renewed by no later than 1 January 2021 as the **grace period is NOT an extension of cover**, and your retroactive cover will be compromised if you have a "gap" in your cover.
9. If you are an Honorary Life member (HLM) or a Life Member (LM) of the SASP® and are a 'complete' / 'paid up' member of the SASP® as at 31 December 2020, you are entitled to FREE MPI/PLI cover under option 3 (see our table below), provided that you have completed your

- **SASP® members who have taken up a Non-Practicing membership** may take out options 2 to 5. Please note that if you have Non-Practicing membership, the policy will **ONLY** provide cover for services rendered prior to your becoming a Non-Practicing member. It is prudent to do this if you are planning to stop practicing for a year or so and then plan to return to practice, or if you want to extend your run-off cover period. If you start practice again, you would need to update your membership with the SASP® to the appropriate category in order for the policy to provide cover for services being rendered.
- **Please ensure that you take out the correct membership category with the SASP®.** Should you contact us for assistance with a claim or a complaint against you, we will contact the SASP® in order to establish your membership category. If you have the incorrect membership category for the services you are rendering your cover could be compromised.
